

ACCADEMIA DELLE SCIENZE DELL'ISTITUTO DI BOLOGNA

First International Workshop of Computational Biomathematics at the University of Bologna
and
Third International Workshop of Morphofunctional Studies at the University of Parma
on

Mathematical and biomedical modelling in regenerative medicine of endocrine organs

President

Fiorella Sgallari

CIRAM - University of Bologna, Italy

Mathematical-engineering modelling

Xue-Cheng Tai

University of Bergen, Norway

Giulia Spaletta

University of Bologna, Italy

Luca Iuliano

Politecnico of Turin, Italy

Andrea Gatto

University of Modena and Reggio Emilia, Italy

Biomaterials, extracellular matrix and biomedical applications

Maria Stella Scandola

University of Bologna, Italy

Anna Tampieri

National Research Council, Faenza, Italy

Julie Huxley-Jones

GlaxoSmithKline Research, Stevenage, Hertfordshire, UK

Giovanni Mazzotti

University of Bologna, Italy

Biomedical modelling

Aldo Pinchera

University of Pisa, Italy

Roberto Di Lauro

University of Naples, Italy

Roberto Toni

University of Parma, Italy, and Tufts University, Boston, USA

Rendering and visualization

Anthony Yezzi

GeorgiaTech, Atlanta, USA

Antonella Guidazzoli

CINECA, Bologna, Italy

Round Table

Perspectives for a European Consortium on Regenerative Medicine of Endocrine Organs

Francesco Beltrame, *University of Genoa, C.N.R., Rome, Italy*

Aldo Pinchera, *University of Pisa, Italy*

Fiorella Sgallari, *CIRAM, University of Bologna, Italy*

Stefano Vella *Istituto Superiore di Sanità, Rome, Italy*

Wednesday, October 21st, 2009
